Annual Benefit Dinner

Foundation Scholarship Dollars at Work

Father Hugo Londoño, MSC, an MSC priest who was educated in his native country of Colombia with the assistance of scholarships from the Sacred Heart Foundation, was the guest speaker at the 37th annual foundation dinner. Fr. Hugo, who is the pastor of St. Joseph Parish in Chicago, Illinois shared his love of being a priest and how blessed he feels to be a priest. Even though his parish is in gang territory in Chicago he never feels in danger. He is grateful for the scholarship he received from the Foundation that enabled him to become a priest and encouraged the membership to continue their support.

Our only mission at the Sacred Heart Foundation is to educate future priests. Unfortunately we have very few students from the United States. Each year we assist more than 60 seminarians from 10 different countries. As it is in Fr. Hugo's case and will be again in the future, a priest we help educate there, may one day be leading our parish here.

This was a very successful event for our Foundation. The support from the community was outstanding. We sold 245 tickets. We appreciate all of you who made the Benefit Dinner and our Dinner Booklet a huge success. This is really your event and because of you we will realize a net gain of \$14,000. These funds will be used to support our mission of providing financial assistance to deserving Missionaries of the Sacred Heart students. We thank all those who helped with our success. All of our directors and honorary council members sold tickets, John Gaffney chaired our Dinner Committee, The Touch of Grace provided door prizes, Gray's Flower Shop provided table decorations and Mary and Ted Mascott provided us with favors. Mr. Carl Lamica documented the evening with his excellent photography and Father Richard Kennedy, MSC, was a great Master of Ceremonies. If you would like to see the pictures, visit the Foundation Office and view the photo album. It is through everyone's support that we are able to provide an enjoyable and informative evening in support of the Foundation's programs.

Dinner was served by students from Immaculate Heart Central School's Community Service club.

## A Look Back at the MSC In Watertown

From 1929 until 1960, the Missionaries of the Sacred Heart (MSC) in Watertown operated a seminary called St. Joseph's Apostolic School on Thompson Street in Watertown. It was for young men completing their studies in Philosophy (last three of five years of college) and Theology (last four years before ordination). All of them were from Québec and were well known for their ice skating ability. In 1959, the MSC began accepting American high school level students recruited because of their desire to investigate the possibility of becoming MSC priests or brothers. In 1960 a new seminary was built in Québec City for the students at the college and university level. Only high school students remained at St. Joseph's Apostolic School later known as Sacred Heart Prep Seminary. Students attended classes at Immaculate Heart Academy, which has become Immaculate Heart Central Junior/Senior High School. The hockey rink located between the seminary building and Gale Street was the center of winter activity not only for the MSC students, but also for the kids and many adults of the city, especially those of the north side. The seminarians took great care in setting up and maintaining the rink. Br. Peter Marceau, Br. John Paradis and Fr. Pierre Aubin still remember spending hours at night applying thin coats of water so that perfect ice would be ready the following day.
